

*Welcome Reception
Gateway Clipper Riverboat Cruise
Sunday, July 20, 6:00PM – 9:00 PM*

Our Welcome Reception will be held on the Gateway Clipper Riverboats that will pick us up and drop us off at the Convention Center. We will take in views of “America’s Most Livable City” from the deck of our riverboat while cruising Pittsburgh’s three rivers and enjoying a sumptuous dinner buffet. Cash bars will also be available.

With the stunning Pittsburgh skyline as a backdrop, we will experience a cruise sailing the Monongahela, Allegheny and the Ohio Rivers as our Captain points out the landmarks and speaks of the fascinating history that makes our three rivers the life blood of the region.

As the evening sunshine fades and the city lights start to glimmer on the water, you will enjoy wonderful dining while renewing old acquaintances and meeting new friends. Come and join us on this Welcome Reception and help kick off our 2008 Power and Energy Society’s General Meeting.
