Date: 2009 July 26th, Sunday

Time: 6:00 pm – 9:00 pm

**Transportation throughout
the evening:
Pickup and drop off at the
Convention Centre beginning
5:45 PM**

Discover “How the West was Once” at Canada’s largest living history museum Heritage Park Historical Village. This national treasure is located in Calgary, and for many years has been Calgary’s and Canada’s best kept secret. The Park tells the significant and vital story of the settlement of the west and how the western landscape formed the cultural foundation of who we are as Westerners today. The Village offers an authentic historical experience from three key periods: the 1860s fur trading era, a 1880s rustic pre-railway settlement and the bustling 1910 prairie railroad town. An amazing collection of working artifacts assists the Park in creating a total immersion experience.

While mingling enjoy the many western themed food stations available throughout the Celebration Tent showcasing local products from Western Canada including Alberta Beef. Cash bars will also be available.

While strolling through the streets you may come face to face with a live old time western gun fight filled with lots of excitement, explosions and humor.

Step back in time while renewing old acquaintances and meeting new friends. Discover “How the West was Once” and kick off our 2009 Power & Energy Society’s General Meeting.
