

September 20-22, 2001
Jackson Hole, Wyoming

Thursday, September 20

6:30-9:00 PM Reception

Friday, September 21

7:30-8:30 Breakfast

Design Technology for Post-PC Systems (Organizer: Hugo De Man)

8:30-9:30 *Post-PC Systems, Architectures and Design Challenges*

Patrick Schaumont, UCLA

9:30-10:30 *Design Technology for Low Power Radio Systems*

W. R. Davis, Berkeley Wireless Research Center, UC Berkeley

10:30-11:00 Break

11:00-12:00 New World in System Level Design: *A Discussion Session lead by Mark Flomenhoft*

12:00-1:30 PM Lunch

Analog Synthesis (Organizers: Steve Grout and Georges Gielen)

1:30-2:30 *Challenges in Analog Design a la ITRS*

A discussion led by **Paul Weil**, Weilcad Consulting

Individual Discussions (Organizers: Dick Smith, Mark Flomenhoft)

3:00-4:00 CANDE initiatives, membership and recruiting, officer elections, open items.

Dinner and Predictions (Organizer: Ian Getreu)

6 PM-7 PM Wine and beer social hour

7 PM-10 PM Dinner & Predictions

Saturday, September 22

7:30-8:30 Breakfast

Brick Walls and Breakthroughs in EDA (Organizers: Dwight Hill and Rajesh Gupta)

8:30-9:15 *Microprocessor Design*

John Cohn, IBM

9:15-10:00 *Programmable Circuit Fabrics*

Zvi Or-Bach, eASIC

10:00-10:15 Break

10:15-11:00 *Design and Other ITRS Technologies: Shared Brick Walls*

Andrew Kahng, UC San Diego

11:00-12:00 *Discussion Session*

12:00-1 PM Lunch followed by CANDE meeting.
