CALL FOR PARTICIPAION

AMC2018-Tokyo is the 15th in a series of biennial workshops that brings together researchers active in the field of advanced motion control to discuss current developments and future perspectives on motion control technology and applications.

The workshop will be held at Shibaura Institute of Technology, Tokyo, Japan, during March 9-11, 2018.

PLENARY SPEAKERS

Professor Kouhei Ohnishi, Keio University, Japan
Professor Asif Šabanovic, International University of Sarajevo, Bosnia and Herzegovina
Professor Roberto Oboe, University of Padova, Italy

IMPORTANT DAYS

Deadline for Submission of Special Session Proposal : August 31, 2017
Deadline for Full Paper Submission : (Extended) **November 10, 2017**
Notification of Acceptance : December 10, 2017
Deadline for Submission of Final Manuscripts : January 10, 2018

TECHNICAL TOPICS

1. Advanced Motion Control in Mechatronics
2. Haptics and Robotics in Medicine
3. Micro/Nano Motion Control Systems
4. Intelligent Motion Control Systems
5. Actuators and Sensors in Motion System
6. Control of Biped Walking Robots and Mobile Robots
7. Advanced Traction Control Systems
8. Visual Servo Systems and Image Processing in Motion Control
9. Network and Communication Technologies in Motion Control
10. Other Related Topics
