Sponsorship / Exhibition Package

IEEE Electron Devices Technology and Manufacturing (EDTM) Conference will be held at Marina Bay Sands Convention Centre in Singapore from March 12th to 15th, 2019. Launched in 2017 in Toyama, Japan, and sponsored by the IEEE Electron Devices Society (EDS). EDTM is fast becoming a flagship conference of IEEE EDS in Asia, with expanded focus on Advanced Technology Manufacturing. In 2018, EDTM was successfully held in Kobe, Japan, and it was very well attended by more than 300 attendees and supported by over 40 companies.

EDTM provides a unique forum to focus on research and development from leading universities and manufacturing companies worldwide on a broad range of device-related topics including materials, processes, devices, packaging, modeling, reliability, manufacturing, and yield. The conference location rotates among countries in Asia, coming to Singapore for the first time in 2019.

We expect the 2019 conference will be well-attended by international and regional professionals from Semiconductor Industry leaders, research/ educational Institutions, and leading equipment and material suppliers worldwide (~400 participants). It provides an excellent opportunity for advertising your company's presence in the field. We will provide an exhibition hall to showcase your products and technology offering the conference attendees an opportunity to learn more about your product and services.

Five distinguished levels of sponsorship, with differentiated benefits are available to suit your company's needs: Diamond, Platinum, Gold, Silver, and Bronze. The details of these sponsorship plans are available below.
