6th IEEE Electron Devices Technology and Manufacturing (EDTM) Conference, 2022

Theme: *“Innovations in Semiconductor Devices and Manufacturing for Sustainable Society”*

Oita, Japan, March 6th - 9th, 2022

Exhibition Benefits:

- All exhibitors' logo will be recognized in the EDTM 2022 official website, and the Proceedings.
- All exhibitors will be invited to a special event for Students and young engineers on 9th March.
- Shotgun session - 2 min speech/presentation by each exhibitor on 1st day of conference for all attendee. (We are planning 2 session - US companies could join morning session and European's evening session. Asian companies could do either one. Time slot will be decided later and announced in advance)
- Opportunity for each exhibitor company to show their presentation at the Exhibitors Presentation, after Plenary Session.
- Opportunity for each exhibitor company to show their presentation (1 or 2 pages) on the large screen during the conference during coffee breaks.
- Establish a direct connection between the customers and exhibitors. Each booth will have internet access so customers can directly reach the exhibitor for discussion or leave message, questions, or requests.
- Exhibitor's websites will appear at the EDTM 2022 exhibitor web page
- Exhibition will be held jointly along with the popular Technical Sessions
