Exhibits Invitation

Dear Sir or Madam,

With this letter we would like to invite you to this year's Exhibition at the IEEE International Ultrasonics Symposium, Dresden, Germany, October 7-10, 2012.

The Dresden conference will be a presentation and communication place of new ideas, challenges, and detailed work results in the rich field of ultrasonics. Traditionally, all facets are represented such as physical acoustics, medical ultrasound, nondestructive testing, micro-acoustics, sensors and actuators, new materials, functional principles, and technologies.

We are very excited to have selected the state-of-the-art conference center in Dresden as the conference venue, offering more than 20 rooms on 3 levels and a spacious terrace. The conference with an expected 1000 participants is the ideal occasion to exhibit your newest technologies and products, and we would like to invite you to be part of this exciting conference.

We offer you the opportunity to expose yourself to your potential customers and future employees by sponsoring this conference or participating in the exhibits. The exhibits will be located in a high traffic area of the conference center.

The base exhibit will include a standard 10 by 10 feet booth, equipped with a table, chairs, name tag, and we will make wireless internet accessible. Upon request further installations and furniture is available. Please do not hesitate to contact us for detailed information or registration flexibility.
