

powerafrica 2007

conference and exposition

July 16-20, 2007

University of the Witwatersrand, Johannesburg, South Africa

In association with the Southern African Power Pool and the University of Witwatersrand. Endorsed by the South African Institute of Electrical Engineers.

Pre Conference Technical Tour for Delegates and Companions

Weekend 14-15 July 2007

Visit to the Drakensburg Pumped Storage Power Station. This is a 1000 MW power station situated in the mountains and having a 400 kV GIS. There will be an overnight stay in the chilly Drakensburg Mountains along with roaring fireplaces and South African red wine. This is World Heritage site and an unforgettable experience.

Post Conference Technical Tour for Delegates and Companions

Weekend 21-22 July 2007

Visit to the Apollo HVDC Converter Station outside Johannesburg and the heavy industrial node of Witbank that is residence to several of Eskom's 3600 MW thermal power stations. Then on to the Kendal Power Station with overnight stay at one of the trout farms of the Lowveld. Trout fishing all Sunday.
