General Information

Conference Location

Located along Lac Lemman - Lake of Geneva - among vineyards, Lausanne is Switzerland fifth largest city. Located in the French speaking part of the country, Lausanne overlooks the lake, which is the largest one in Western Europe, and faces the majestic splendour of the snow-capped Alps.

Since 1915, Lausanne has been the seat of the International Olympic Committee and in 1994 it was designated Olympic Capital, a unique and prestigious title.

Lausanne is also an excellent departure point for a large choice of special excursions, several of which will be proposed to the participants and accompanying persons. The Sunday evening opening reception is scheduled to be held in the prestigious Olympic Museum, inaugurated in 1993 along the lakeshore, which offers a breathtaking view on the French Alps. PowerTech participants will also have the opportunity to take a private cruise along the lake shoreline culminating in a step back into the past with dinner in the famous Castle of Chillon built, during the ninth century, in the lake and made famous by Lord Byron and his poem "The prisoner of Chillon". The closing gala dinner is scheduled take place in a typical and special setting next to a castle in the countryside.

Conference Venue

A plenary session will be held at the Palais de Beaulieu, av. des Bergières 10, 1004 Lausanne (see location map).

The technical sessions (oral and posters) will be held at the Ecole Polytechnique Fédérale de Lausanne (EPFL), 1015 Lausanne (see location map) in the CO building, in rooms CO1, CO2, CO3, CO15, CO16, on levels 0, 1, 2, 3. Poster sessions will be held in the corridor of level 2.

Authors' Information

Oral presentation: Authors will have to be available ca. 15 minutes for their presentation, plus a few minutes for discussion. Authors are kindly recommended to be present in the room where their presentation is scheduled about 15 minutes before the beginning of the session, in order to receive additional information from the Session Chair. Each session room is equipped with an overhead projector, a video-beam projector and a computer (with Microsoft Office installed).

Should the use of video-beam projector be planned, authors should care to bring with them the final file on CD-Rom or USB device. Presentation materials may be checked before the opening of each session. For details, please refer to [this pdf file](#).

Poster presentation: 120 cm wide and 180 cm high poster boards will be available. The usable size for posters is A0 (84 cm wide and 118 cm high). Authors are invited to stay near their poster all long the poster session in order to clarify and discuss details concerning their work with interested colleagues. Authors are invited to be in the poster hall 15 minutes before the beginning of the poster sessions in order to receive additional information. Placement of posters will be possible from Monday, July 2, 2:00 pm.
