An abstract of **50-100 words** and a digest of 3-5 pages (including figures and tables) stating the objective of the paper, outlining the problem requiring solution or the method of approach to research, being explicit with respect to the type of data to be included in the full paper, and summarizing the conclusions being made. Author may optionally choose to submit a full paper for review.

Research still in early stages and doctoral research proposals can choose to submit their work to this technical forum. A regular paper is not required.
