### PROGRAM OF ACTIVITIES and PERSON-HOURS ... continue on additional sheets...

ACTIVITY NAME	PERSON-HOURS FOR SCHOOL YEAR	FALL, SPRING, or BOTH	DESCRIPTION AND GOAL OF ACTIVITY
Christmas in October	3*12= 36 hrs	Fall	In conjunction with a local engineering firm, students go to a low income area and repair/remodel the resident's home in one day. The day is long but rewarding.

## ETA KAPPA NU

*Electrical and Computer Engineering Honor Society*

ACTIVITY NAME	PERSON-HOURS FOR SCHOOL YEAR	FALL, SPRING, or BOTH	DESCRIPTION AND GOAL OF ACTIVITY
Teaching Electricity & Circuits	8*7 = 56 hrs	Fall	Teach electricity and circuits to 423 seventh graders for 6 class periods and tell them what electrical and computer engineers do. We also brought the Robotics Team (several are members of both organizations) providing a robot demonstration. In teaching we used a PowerPoint and several props - bringing several pieces of electronics that we have taken apart to show the insides and they work. We bring Christmas lights to explain series and parallel circuits, etc. Keeping 400 seventh grader's attention for longer than 15 minutes is a challenge, but we did it.
Egg Drop	3*2*2= 12 hrs	Spring	Participate in the Engineer's Week activities, by co-hosting with IEEE, the annual Egg Drop competition for two days.
Power Plant Tour	7*3= 21 hrs	Spring	Tour of a local coal-fired power plant getting an insider look from the coal delivery to the electricity output.
Total hours of Community Service or Special Events	125 hrs.
