We are proud to announce
the upcoming talk by:
Dr. Uday Desai on:

Multihop Mobile Wireless Communication

Place: U Maine Orono

Date: Oct, 7th , 2009

Time: 4-6 PM

- Dr. Desai is a professor of electrical engineering at Indian Institute of Technology, Bombay, India
- He is a Fellow of INSA (Indian National Science Academy), Fellow of Indian National Academy of Engineering (INAE), and a Fellow of The Institution of Electronic & Telecommunication Engineers (IETE).
- He is on the Technical Advisory Board of Microsoft Research Lab. India.
- His research interests are in wireless communication, sensor networks and statistical signal processing
- He is interested in connectivity for rural India.
- Affiliation: SPANN Lab, Department of Electrical Engineering, IIT-Bombay
- *His talk will cover the broad area of Mobile Adaptive Self-organizing Multihop Multi-system Wireless Communication, system development using wireless sensor network for precision agriculture and for landslide detection , and vehicle to vehicle (V2V) communication and its application to collision avoidance.*
