Chairman's Column

Don Sherwood

donsherwood@ieee.org

I'm not a big fan of "bumper sticker" phrases, but a recent ad in the MTT-S Transactions gives a succinct summary of why

many of our NH members joined the IEEE; "Connecting Professionals, Advancing Technology". It is interesting to note that the top two reasons for membership cited in the recent Section survey are; To remain technically current (70%) and To obtain IEEE publications (60%). These two topped all other reasons by about a 2:1 margin and support the importance our members place

in joining IEEE as a tool for professional development.

Relative to this theme, the NH Section is partnering with the Boston and Maine Sections to sponsor an Industry Day event. This is a one day meeting designed to foster collaboration between industry and the IEEE. It is tentatively scheduled for September 23rd and I'm pleased to announce that it will be held in the new **Portsmouth Harbor Events & Conference Center**. This facility is centrally located and attractive for both business and possible social activities. The NH venue provides our members a unique opportunity to develop beneficial relationships at both a professional and corporate level. Details will be available as the planning solidifies.

Local IEEE Meetings Etc.

The following meetings offer technical information and, no matter what your field, they are good networking opportunities.

Joint Com-Sig Societies Chapter

The Chapter meets on the fourth Tuesday of the month in the Hunt Room of the Nashua Public Library at 6:30 PM. **Mike Lerer** reminds us that on 5/25 **Ajay Kachrani**, Director of Software Engineering at Vanu Networks will discuss **Software Defined Radio**.

Consultants' Network

The meetings are held at 6 PM in the Amoskeag Business Incubator conference room at 33 S. Commercial St., Manchester. Visit abi-nh.com for more information. **Register** on the Cnet website: www.consultantsnh.org

Madeleine Lowe reminds us that on May 6th **Joseph Rothweiler** will discuss **An FPGA-Based Data Acquisition System**. For more details see: <http://IEEE-NH.org/Docs/2010-05-CN1.pdf>

Please post the above notice at work or school.

Madeline announces that on June 3rd **John M. Cunningham** will discuss **Considerations and Issues in Consulting Agreements**. For details see: <http://IEEE-NH.org/Docs/2010-05-CN2.pdf>

Please post the above notice at work or school.

Madeline announces that on July 1st **Ray Barrett** will discuss **Continuing Education Credits for PE's**. More details will follow.

Membership Activities

Jason Hui congratulates 5 new senior members, and welcomes 11 new members, 1 associate member and 4 student members to the Section. He reminds us about elevation from

Associate Member to Member grade, and the process and benefits for becoming a Senior Member. Please see his article is at: <http://IEEE-NH.org/Docs/2010-05-MD.pdf>

NHJES Fourth Annual Conference

The conference will be held on Thurs. Oct. 7 from 8:00 AM to 4:15 PM at The Executive Court Banquet Facility at The Yard. The theme is "Forensics in Engineering - CSI of Our Profession. For the tentative program please go to: <http://IEEE-NH.org/Docs/2010-04-JES.pdf>

Please post the above notice at work or school.

Madeleine Lowe announces the Sun. May 16 **Wine Tasting** and Networking event at 5 PM at Vintner's Cellar, Sebbins Brook Marketplace, 410 South River Road, Suite 7, Bedford, NH. See: <http://IEEE-NH.org/Docs/2010-05-PAC1.pdf>

National Lab Day, in the first week of May, is more than just a day. It is a nationwide initiative to build local communities of support (hubs) that will foster ongoing collaborations among volunteers (university students, scientists, engineers, and other STEM professionals), students and educators. For more information go to: <http://www.nationallabday.org>

UNH Durham Summer Events

There are three programs. The **UNH Tech Camp** is a 2 week coed experience, July 19-30, for students entering grades 7 through 10.

UNH Engineeristas: Girls & Engineering is a 1 week experience, July 12-16, for girls only entering grades 6 and 7. For more information on them please go to: <http://IEEE-NH.org/Docs/2010-03-PU2.pdf>

The **UNH-IOL High School Summer Internship Program** at the UNH InterOperability Lab recruits the brightest and most ambitious high school juniors for **paid internships** at their state-of-the-art networking facility. For details please go to: <http://www.iol.unh.edu/education/employment/internship.php>

The camp offers eight week long camps at local schools in NH for grades one through six. Seven are from June 28- July 2 and one is from July 12-16. For details please go to:

Brain Teaser Challenge

Butch Shadwell still appears to be running behind schedule so we will have to wait until next month for his answer to the question about the bulk resistivity of soil and to see his next challenge.

Challenges

It appears that the challenges may have been discontinued. Check back next month after

I have had a chance to research this.

What's Up in the Boston Section?

Below are links to the events hosted by the Boston Section. They are listing their May events at:

http://www.ieeeboston.org/calendar/cal_monthly_articles/may10.html

and their courses, conferences, and special events at: <http://www.ieeeboston.org>

Wanted, Additional Photographers

Ron Lai volunteered to assist Ravi Subrahmanyan in taking pictures at our events. However, they both have heavy travel schedules. We still need one or more additional volunteers. If you are interested to help out, please email the Editor at: james-w-anderson@ieee.org.

Wanted, Articles on "How I became interested in engineering."

Was it because you were always interested in taking things apart and putting them back together (with "extra pieces")? Was it by chance? Was it because you come from generations of engineers and this was your destiny? What was it? Please send me your story at: james-w-anderson@ieee.org
