

IEEE NH Robotics & Automation Society Chapter

Personal Submarines

Rich Maurer of AquaVenture Personal Watercraft

Thursday, March 17th at 6:30 PM

At Amoskeag Business Incubator: <http://www.abi-nh.com/about/directions>

Rich will present a discussion about the SeaBird; AquaVenture's revolutionary entry into the world of personal water craft. Come listen and join in on the discussion about the their radical personal submarine and learn about the issues one faces when developing marine vehicles.

Link to AquaVenture: <http://www.aquaventurewatercrafts.com/index.html>

Rich Maurer's bio:

Rich is president of AquaVenture Water Craft, adjunct professor of business at Daniel Webster College, and an International 767 pilot at American Airlines, formerly USAF B-1 Bomber and KC-135 Pilot, Gulf War veteran and research assistant at MIT Lincoln Labs. He has an aerospace engineering degree from MIT and an MBA from RPI.

The meetings are open to the public and IEEE membership is not required.
