JON S. CORZINE
GOVERNOR

February 5, 2009

Dear Friends:

Congratulations to the members of IEEE Region I on this 125th Anniversary celebration.

The IEEE has identified a critical mission – to foster electronic innovation and excellence for the benefit of humanity. The areas of focus range from aerospace systems, computers and telecommunications, to biomedical engineering, electric power and consumer electronics

I recognize the importance of technology in sustaining the future of our economy and contributing greatly to the continued global competitiveness of the United States. This first of its kind seminar should provide essential tools of learning to all of its attendees, highlighting the importance of Green technology and communications in shaping the way we do conduct business.

Best wishes for a most memorable and enjoyable seminar and continued success in all of your future endeavors.

Sincerely,

A handwritten signature in black ink, appearing to read "Jon S. Corzine", written in a cursive style.
