Metrics and Software Process Improvement

*Dr Gargi Keeni, VP, Quality Consulting,
TCS Kolkata*

Abstract- Organizations encounter a number of challenges in defining and using metrics for achieving business excellence through a path of continuous improvement. This presentation will introduce the concepts concerning use of metrics in ICT projects and share real life experiences.

About Speaker- *Dr Gargi Keeni, VP, Quality Consulting at TCS has over 20 years of multicultural and multi location experience in software development and services delivery. A Ph.D in Physics, she is on the advisory board of IEEE Software and a member of the advisory panel of the NASSCOM Quality forum. An SEI authorized Lead appraiser for CMMiSM and People CMM®, her current research interests include process improvements, quality management systems and business excellence.*
