Plenary Lecture Session organized by IEEE Kolkata Section in collaboration with Jadavpur University Research Scholars’ Association (J.U.R.S.A)

A plenary lecture session has been organized by IEEE Kolkata Section in collaboration with Jadavpur University Research Scholars’ Association (J.U.R.S.A) on 4th September, 2019, at Gandhi Bhawan, Jadavpur University campus. This lecture session covered the present research scenario and the problems faced by the young researchers regarding plagiarism now a days. Dr. Swarnendu Sen, Professor, Mechanical Engineering Department, Jadavpur University has delivered the keynote lecture on ‘Pursuing a Good Ph.D’, whereas Dr. Debangshu Dey, Asst. Professor, Electrical Engineering Department, Jadavpur University has delivered the keynote lecture on ‘Things You Should Know About Plagiarism’. Dr. Sen and Dr. Dey delivered their speech in a lucid and coherent way. A lot of references and examples have been given by both the speakers which made the lecture very attractive.

This lecture session was a grand success. A total 133 number of research scholars from various disciplines attended the session out of which 20% scholars were IEEE member. It was a very interactive session. A lot of questions have been raised from the audience regarding the difficulties and confusions they faced pursuing their Ph.D. The audience was very satisfied with the advices and solutions suggested by the speakers in an outstanding manner. The response from the audience clearly shows that, this session is definitely going to enhance the knowledge and awareness among the young research scholars and encourage them doing their Ph.D with a better guidance.
