On behalf of the MyComVT 2009 Executive Committee, I am honoured to welcome you to IEEE ComSoc/VTS joint chapter and to invite you to diverse set of technical programs to be offered in through the year.

The advancement of communication technologies have been leading the development of industry of the world and the evolution of social life of mankind. This trend has been accelerating in recent years with the prosperity of broadband, multimedia, wireless, optical, and Internet communication technologies. With the maturity of those communication technologies in conjunction with the enhancement of the relevant network and service technologies, we now see ourselves moving towards the new era of ubiquitous networking today.

MyComVT Chapter organize range of activities include guest speakers, workshops and seminars as well as social functions that's carried throughout the year. With such full-fledged technical programs, I believe MyComVT 2009 will fully satisfy all the members "technically". We takes pride in hosting the IEEE Malaysia International Conference on Communications (MICC). I am pleased and feel confident to invite you to the 9th IEEE Malaysia International Conference on Communications, which will be held in Kuala Lumpur 14-17 December 2009.
