

IEEE Instrumentation & Measurement Society, New Zealand Chapter

## One-Day Workshop

on

# Smart Sensors, Measurements and Instrumentation for: Agricultural and Environmental Monitoring

**Date: 10 am – 4 pm, April 18, 2016**

**Venue: Commerce Building, Lecture Theatre C1, Lincoln University, New Zealand**  
(Ref Lincoln University Map / Grid C3 Building # 10)

**PURPOSE:** The purpose of this workshop is to provide New Zealand based researchers, scientists and engineers a forum to present their latest research findings and participate in discussions in an informal setting. This forum provides an ideal opportunity for students to receive and contribute up-to-date knowledge of technology, applications and solutions. Industry representatives are welcome to participate as well as exhibit products.

**SCOPE:** The IEEE Instrumentation and Measurement Society New Zealand Chapter encourages presentations in the areas of, but not limited to: sensors, instrumentation and measurement technologies, and their application to environmental and agricultural monitoring.

**ABSTRACT:** Title and a short abstract (limited to ¼ page) should be emailed to Ian Platt [ian.platt@lincolnagritech.co.nz](mailto:ian.platt@lincolnagritech.co.nz) or Kim Eccleston [kim.eccleston@lincolnagritech.co.nz](mailto:kim.eccleston@lincolnagritech.co.nz) by 8th April 2016.
