

IEEE Instrumentation & Measurement Society, New Zealand Chapter Two-Day Workshop

on

Smart Sensors, Measurements and Instrumentation for Health,
Industry and Environment

Date: April 20-21, 2017

Venue: LB118, Victoria University of Wellington, Kelburn

PURPOSE: The purpose of this workshop is to provide New Zealand based researchers, scientists and engineers a forum to present their latest research findings and participate in discussions in an informal setting. This forum provides an ideal opportunity for students to receive and contribute up-to-date knowledge of technology, applications and solutions. Industry representatives are welcome to participate as well as exhibit products.

SCOPE: The IEEE Instrumentation and Measurement Society New Zealand Chapter encourages presentations in areas of, but not limited to: sensors, instrumentation and measurement technologies, and their application to health, industry and environment.

ABSTRACT: Title and a short abstract (limited to 1/4 page) should be emailed to Robin Dykstra robin.dykstra@vuw.ac.nz by 10th April 2017.

REGISTRATION: The registration fees are as follows:

Students:	Free (Student MUST present a paper)
IEEE IMS Members:	NZ \$100
IEEE Non-IMS Members:	NZ \$150
Non-IEEE Members:	NZ \$200
Industry reps requiring display space:	NZ \$200

Registration provides workshop attendance, lunch, morning and afternoon teas and workshop dinner.

Bed and Breakfast: plenty of options to choose from including backpackers but book early to get a reasonable price. Check options at www.wotif.co.nz etc.

To register and for payment please go to:

<https://app.certain.com/profile/form/index.cfm?PKformID=0x2549155b0e6>

Please register by April 10th 2017.
