

**IEEE New Zealand Central Section,  
IEEE Student Branch  
Massey University**

## **Post-Graduate Student Presentation Event**

**Massey University, Palmerston North**

**Monday, 4<sup>th</sup> September, 2017**

**10:00am – 5:00pm**

Venue: Massey University, Palmerston North campus  
Riddet Complex RC2.143, Tennent Drive,  
Massey University,  
Palmerston North 4474, New Zealand

As part of the IEEE New Zealand Central Section, the IEEE Student Branch at Massey University (Palmerston North) is organizing an annual *postgraduate student presentation event*. The one day event will showcase the postgraduate research in any of the IEEE fields of interest from Massey University and Victoria University.

This event will provide post-graduate students to present their research. **Prizes will be awarded to best three presentations. Participants are also eligible to apply for membership fee grant for 1 calendar year.** This is also an excellent networking opportunity with other fellow-students and peers. Each student presentation will be time-limited to approximately 10 minutes with questions and discussions. Food and refreshments will be available to all participants.

Interested students (at Massey) send their name, details and title of presentation to [s.jaffry@massey.ac.nz](mailto:s.jaffry@massey.ac.nz) by **Monday, 24<sup>th</sup> August 2017**. Victoria University students should contact their respective student branch chair.

IEEE members wishing to attend and hear the presentations should also inform by the same date for catering purposes.

For any other queries please contact Syed Shan Jaffry at [s.jaffry@massey.ac.nz](mailto:s.jaffry@massey.ac.nz)
