History of the Section

The region of Western Australia (WA) was part of the IEEE Australia Section from 1972 through to 1984. On 24th May, 1984, the IEEE WA Section was established under the chairmanship of Professor Alan Billings. Since its establishment 33 years ago, the IEEE Western Australia Section has been very successful in achieving the IEEE mission in this isolated part of the world. For example:

- The Section has organized 128 technical and 23 professional events since 2010.
- Every year the Section organizes a family day to bring together WA members and their families and keep nurturing the IEEE spirit.
