IEEE CHARLOTTE SECTION ANNUAL BANQUET

## **YEAR 2000 READINESS AT DUKE ENERGY**

Year 2000 readiness is one of the most serious universal challenges ever faced by business. In today's global market, it would not be possible to operate or communicate effectively without a reliable computer network. The Project Director for Duke Energy's Year 2000 Readiness Program will speak about this issue and what the impact may be to everyday people.

**SPEAKER: SALLY WHITNEY**  
**PROJECT DIRECTOR, YEAR 2000 READINESS PROGRAM, DUKE ENERGY**

Sally Whitney serves as program director for Duke Energy Year 2000. She is in charge of the company's Year 2000 Program Office, which oversees and coordinates corporate and business unit Year 2000 efforts domestically and internationally. Her responsibilities include directing a core team of full-time employees, contractors and consultants who bring global expertise in information technology and Year 2000-specific solutions. Ms. Whitney also represents Duke Energy on several Year 2000 information exchange efforts underway in the utility industry. She serves in an advisory role to the North American Electric Reliability Council on interpretation of Year 2000 survey data of North America's electric utilities.

**DATE & TIME: Monday, November 19, 1998**  
⊖ 6:00 p.m. - Social Hour (Cash Bar will be available)

❖ ❖ ❖

## Charlotte Section Officer & Director Nominations

Each year, the IEEE Charlotte Section takes nominations for the four Officer (Chair, Vice Chair, Secretary, Treasurer) and four Director positions. Voting takes place at the annual banquet in November.

You can nominate any regular member of the Charlotte Section for an office or a Director's position by contacting the Section Chair or Secretary. Names may also be submitted from the floor at the annual banquet prior to voting.
