IEEE Huntsville Section
Computer Society Meeting

Speaker:	***Jim Milstead, The Boeing Company***
Subject:	**Securing Web Services: Implementing Secure ASP.NET Web Services**
Date:	Tuesday, March 21st, 2006
Time:	11:15am - 1:00pm
Place:	Adtran Executive Cafeteria. Ask the receptionist for directions to the cafeteria. The meeting will be in the Private Dining Room located directly opposite the cash registers. The cafeteria has several food stations with a wide variety of reasonably priced lunch items.
Reservations:	Please contact Daniel Chang at 963-8620 or daniel.chang@adtran.com if you plan to attend.

Biographical Sketch: Jim Milstead is a lead Software Engineer at The Boeing Company in Huntsville, AL, where he has worked with XML and web security applications for the past five years. His Boeing work includes development of a paperless factory floor automation system based upon Tablet PCs and XML data services.

Jim specializes in design and implementation of network-centric systems and applications. He holds a Masters in Computer Science from California State University, Fullerton, and a BS in Computer Science from the University of California, Riverside. His current interests include all things XML and service oriented architectures.

Directions: Take Bradford Drive West past Research Park Boulevard, then continue through the stop light at Explorer Boulevard. The Adtran East Tower is straight ahead. Continue straight to the front courtyard, where the visitor parking spaces are on the left. If no space is available there, follow the road to the right into the general parking area.

Notes: You do not have to be an IEEE member to attend. All guests are welcome. We will eat from 11:15 - 11:45am and Jim's presentation begins at 11:45am. We meet in the Executive Room adjacent to the Adtran cafeteria vending area in the East Tower, and you can order from their excellent lunch selection. ***See you there!!***
