

SoutheastCon 2001 Student Team Registration

Brief rules:

- Student team registration will be required for inclusion in the competitions of SoutheastCon 2001.
- Each team may have a reasonable number of members. This will only be limited if space becomes tight at the competition site.
- Students may be part of more than one team.
- Student teams' registrations must be received by March 29th, 2001 to receive a guaranteed slot for your team (computer, timeslot, etc.). If registration occurs after March 29th, 2001, those teams will be placed in the competition on a first-come-first served basis with available equipment/timeslots.
- All student team members must be registered at SoutheastCon 2001.
- Team members are strongly encouraged to be IEEE members, but it's not a strict requirement.
