**Virginia Council Membership Report**  
**21 March 2001**

1. Current.

Sam Harris provided CDs with the SAMIEEE program and Virginia membership information valid through November 2000. I have suggested to Sam that he have RAB distribute the information on the SAMIEEE web-site. I have not followed up on this yet.

Tom Tullie has provided the Northern Virginia information.

Membership totals for these two sections are shown in section 3 below. State membership totals as of November 2000 are: 1) 58% of membership with M grade; 2) less than 4% with SM grade; and 3) more than 22% as an A or AM.

Extracted from the membership information, over 70% of the members are in good standing while less than 28% are in the arrears.

2. Future.

At the moment I am working on determining if there might be a reasonable algorithm that could project the number of M members that are eligible to apply for senior member status.

I will be contacting Sam Harris about changing to web-access status for the Virginia data.

There are details concerning the Northern Virginia data received that I need to resolve with Tullie.

3. Membership Totals.

	Central		H Roads		Northern		Richmond		Mountain		Total	
Gr	R30909		R30923		R20149		R30959		R30965
