Subject: Richmond Section Report to Virginia Council - 9 June 2001

We held our last technical meeting in March on the application of MEMS technology to miniature military weather systems. We held the meeting at McQ Associates in Fredericksburg and about 7 members attended. We are having two meetings in our section this week, one in Richmond on June 4 and one in King George (north end of the section) on June 8 to recruit new volunteers and to fill our Secretary position which is vacant. Nineteen members attended the Richmond meeting on June 4. Our Vice Chair, Wayne Galli, expects to re-locate out of state which will create another vacancy. Officers for the

Richmond section are: Chair: Joe Roehl, Vice Chair: Wayne Galli, Secretary:

Vacant, Treasurer: Greg Tait, PACE: Vacant, GOLD: Vacant, Past Chair: Mark Gill, Student Branch Coordinator: Wayne Galli, Web Site coordinator: Wayne Galli.
