

IEEE Institute of Electrical and Electronic Engineers
Virginia Council

Virginia Council Membership Report
21 June 2001

1. Current.

I have not assembled the current state of the Virginia membership. The SAMIEEE information has been downloaded from IEEE but need Sean's member number to break.

Attended two events in the Hampton Roads area in an effort to acquire new members. The first event was Women in Engineering held at ODU in April. The event focused bringing awareness of engineering to young women, primarily finishing those in high school. Of the 400+ young women that attended approximately 100 were interested in electrical and computer engineering. I was able to distribute applications to about a dozen women that were in currently in electrical engineering discipline.

The second event was the 2nd International Symposium on Nonthermal Medical/-Biological Treatments using Electromagnetic Fields and Ionized Gases. The symposium was co-sponsored by IEEE. Provided brochures and applications to interested parties. Of those that indicated interest in joining IEEE most were not from Virginia.

2. Future.

Continue I working on an algorithm that could project the number of M members that are eligible to apply for senior member status. No easy solution.

Intend on participating in recruiting efforts at the local colleges this fall when each has their student member drives.

3. Membership Totals.

	Central		H Roads		Northern		Richmond		Mountain		Total	
Gr	R30909		R30923		R20149		R30959		R30965			
A	77	7.73%	116	8.96%	1045	10.88%	152	11.47%	73	7.37%	1463	10.29%
