

**Virginia Council**  
**Hampton Roads Section**  
**June 3, 2003**

1. Our March meeting was Michael D. Adolphi of Telion, Inc who presented a presentation on Wireless Telecommunications Bootcamp.
2. Our section chair, William Edmonson, and Bill LaBelle attended SoutheastCon. We also had a number of students from Hampton University and Old Dominion attend. ODU finished 13 in the Hardware Design contest. Bill LaBelle prepared an excellent synopsis which will be available on our section website throughout the summer.
3. Our April meeting was a presentation on Electric Drives: Past, Present and Future by Senior Life Member Walter E. Gregg, Jr.
4. Our May meeting was a Wine Tasting and Spouse Night at the Williamsburg Winery. Although we didn't have a large crowd those who attended enjoyed themselves immensely.
5. We had planned to have a visit to the local Ford Truck plant, however due to poor response the tour was postponed. The plant is on the Norfolk, Chesapeake border. Anyone who is interested in participating should contact our Vice Chair, Tim Gavin ([tim\\_r\\_gavin@ieee.org](mailto:tim_r_gavin@ieee.org) or (757) 827-1786 x313).
6. Due to Sam Simmon's recent passing, we found an issue with some of the section property that was still in his possession. Specifically he still had our little used overhead projector. The question for the group is what do other sections do about storing section property?

Respectfully Submitted,

William Clayton
