

IEEE Engineering Management Society Southeastern Michigan Chapter Tuesday, December 4, 2007 6:30pm – 9pm

Holiday Networking Event at Brady's in Novi

Photo by Mark Ciechanowski, P.E.

Gather at 6:30pm for drinks and informal snacks or dinner with the chapter members and officers. Discuss the speaker agenda for next year and our plans for the following 2008 events: Joint meeting with Women-In-Engineering affinity group (February 2008). IEEE EMC Conference (August 17-22, 2008); the IEEE exhibit booth at Convergence 2008 (October 20-22, 2008).

Registration:

Registration is online at http://ewh.ieee.org/r4/se_michigan/ems. Registration is requested, but not necessary. Separate checks. Location is: <http://www.djbistro.com>.

Potential Future Speakers and Topics Include:

- Julie Nagel, Small Business Innovation Research (SBIR) Ann Arbor
- Ralph J. Tyser Professor of Management Science, University of Maryland "Government Policy and Technology", IEEE Distinguished Lecturer
- Ronald Bourque, Bourque Associates International, Windham, NH, "Selling Ideas to Engineering Management Leadership", IEEE Distinguished Lecturer
- Prof Anandalingam, Ralph J. Tyser, Professor of Management Science, Robert H. Smith School of Business, University of Maryland. Topic "Government Policy and Technology". IEEE Distinguished Lecturer (cannot attend the Spring Conference)
- Nigel Bristow, <http://www.targetedlearning.com>, saw him speak at IEEE-USA Workshop a few years ago
- Dave Laurent, "What Goes Wrong With Projects"
- Management Communications, Negotiation Skills, Conflict Management (Conflict is healthy and necessary)
- Building Collaborative Relationships, Gaining Support for your Projects
- Building High Performance Teams, Managing Innovation
- Risk Management, Strategic Planning
- Competitive and Business Intelligence In The Fast Changing EE Profession (see <http://www.ewh.ieee.org/soc/ems/emr/archives/issues2002/surf02v30n4.html>)
- Earned Value and Project Metrics
- Managing Security, Information Privacy Issues
- Enterprise Agility

Recent past speakers include:

- Dave Scholl, Ford, "ODF: How a Digital Document Format is Threatening a Multibillion-Dollar Monopoly (And What You Can Do To Help)" 14 August 2007.
- Robert B. Bishop, Jr., IEEE Distinguished Lecturer, "You're Dilbert's New Boss - Overview of Engineering Management Issues" 29 March 2007 Spring Section Conference.
- Russell Harrison, IEEE-USA Legislative Representative, 29 March 2007 Spring Section Conference.
- Ben Tabatowski-Bush, Ford, "Hybrid Vehicle Battery Electronics", 23 January 2007.
- Don Bramlett, P.E., DTE Energy, "IEEE Leadership Skills Workshop", 29 July 2006.
- Steven Baker, DTE Energy, "A Principle-Based Approach to Agile Solution Delivery", 13 April 2006 Spring Conference.
- Marty Biancalana, GD, "Change or Die", February 2006.
- Dennis Siemiet, "Core Values, Part I and Part II", 28 June 2005.
- Marc F. Malooley, Attorney Brooks Kushman, P.C., "Intellectual Property & the Engineering Manager", 3 August 2004.
