

SECTION CORRESPONDENCE

September Meeting Notice

Date: Wednesday, September 25, 1968; 7:45 P.M.

Place: Rochester State Junior College, Science Building; second floor, main lecture hall.

Directions: Enter through main entrance, following signs provided, park in the lot east of the main drive. Remember, the RSJC is at its new site east of Rochester off Highway 14.

Program: Mr. Don Lavine will present a talk on the "New Option In Electronics Technology". A tour and refreshments will follow.

October Meeting Announcement

Date: Wednesday, October 23, 1968

Place: IBM Auditorium

Program: A dinner courtesy of IBM (6:30 - 7:30 P.M.) followed by a program hosted by Mr. B. D. Hollenbach. The program (7:45 P.M.) will be about the IBM 1287 Optical Reader. A demonstration, film, and technical explanation of the OCR set-up will be given.

Note: We need a head count to those who will attend the dinner and those who will attend the meeting. If you are going please drop me a line or phone call before October 15.

R J Keller, 1220 Cascade Street N.W., Rochester, Minnesota 55901
Home Phone 288-1143, IBM phone 286-2612

Letter from our Section Chairman - Bill Dunnette

September is well on its way and most of us are wondering where the summer went. Along with the start of school comes the time to open the fall meetings of the Southern Minnesota Section of IEEE. We think we have a good program lined up to interest all of us. The September meeting will be held Wednesday, the 25th at the New Rochester State Junior College with Don Lavine and his capable staff of the college talking about New Options in Electronic Technology and winding up with a tour of the new facilities. Dr. George "Woody" Beeler of the Mayo Clinic has set up this meeting for us and it promises to be very interesting. Be sure to come and see this new State Educational Facility, bring a friend, or maybe some student who would be interested in going to JC.

October plans to be real great with the Rochester IBM Plant hosting the section at dinner for our annual meeting and election of officers. Our past chairman, genial Ken Hastings, has chaired the nominations group and has come up with a fine slate for your consideration.

For	Chairman	Jake Sanders	IBM
	Vice Chr.	Wayne Casanova	IBM
	Secretary	George Sedivy	Waters
	Treasurer	Ken Ganyo	Mayo

Nominations can also come from the floor. A technical program is also planned. Del Hollenbach of IBM has planned this annual affair and we are looking for a good turn out for the dinner (courtesy of IBM) and meeting. Future plans include activities with Engineering and Technology students. If the section

SECTION CORRESPONDENCE

can be of help to students interested in electrical and electronics engineering and technology, let us know. Better still, bring them to the September meeting. . Our section is growing and the need for increased activity with students is increasing. Myron Schettl of IBM is Student Activities Chairman and would appreciate your help. If you have ideas, questions or want to help, drop him a line or write to me at the Mayo Clinic.

To : R J Keller

I plan to attend the following at the October meeting-

THE DINNER
