

24 May 2013

Thomas O'Brien  
IEEE Central Texas (San Antonio) Section Life Members Affinity Group Chair  
3239 Gazelle Range  
San Antonio, TX 78259-2268

Dear Thomas O'Brien,

On behalf of the IEEE Life Members Committee, I am pleased to formally advise you that the **IEEE Central Texas – San Antonio Section Life Members Affinity Group** has been included on the 2013 list of Outstanding Life Members Affinity Groups.

The IEEE Life Members Committee believes that keeping Life Members active and engaged is a key component to the success of IEEE in local IEEE activities. Having a Life Members Affinity Group is an effective method in keeping Life Members active, and the Life Members Committee would like to thank you and the additional people within your Section for your efforts.

The recipients were identified based on 2012 calendar year activities - the number of Life Members events held, the average attendance at those events, and the number of contributors to the IEEE Life Members Fund. It is hoped that this recognition will lead to an increase in the following areas:

- Satisfaction of IEEE Life Members with their IEEE involvement
- Recognition of the contributions of Life Members to IEEE activities
- Number of Life Members Affinity Groups
- Life Members engagement in IEEE activities
- Donations to the Life Members Fund

The complete list of Outstanding Life Members Affinity Groups is contained in the June 2013 issue of the IEEE Life Members Newsletter. Future issues will highlight specific activities of Outstanding Life Members Affinity Groups. Please e-mail [life-members@ieee.org](mailto:life-members@ieee.org) if you would like the activities of your Group highlighted.

Once again, I would like to thank everybody in the IEEE Central Texas – San Antonio Section who has been involved in conducting Life Members Affinity Group activities for their efforts. Your contribution to IEEE and IEEE Life Members is greatly appreciated.

Sincerely,

A handwritten signature in cursive script that reads "Louis A. Luceri". The signature is written in black ink on a white background.

Louis A. Luceri  
Chair, IEEE Life Members Committee
