

Fall 2013 Professional Development Seminar

9:00am to 5:00pm, Tuesday, October 8, 2013

Amarillo College Business and Industry Center
1314 South Polk Street, Amarillo, Texas

Join us for this valuable Continuing Education Seminar!

You'll have a chance to win one of five \$50 gift cards! To be eligible for the giveaway, you must be registered for the Seminar and present for the drawings.

The History and Heritage of Pantex Plant

A look at the genesis, history and mission of the Department of Energy/National Nuclear Security Administration's facility near Amarillo, Texas.

Environmental Regulations and the Energy Industry-coming up for air!

Presented by Dr. Jim Rogers, West Texas A&M University. – Dr. Rogers will walk you through the major environmental regulations that impact the energy industry and where in the planning, design and implementation process you should be addressing those issues. He will discuss which regulations can stop a project as well as those that can delay a project and how you, as a project designer, can avoid costly delays and hair pulling frustration. A reference handbook will be provided to all attendees.

Navigating the Career Maze

Presented by Jim Marchiori, University of Colorado Denver – Opportunities to set your career direction, tips for growth and development, and the derailers that can get you off course.

The Value of Southwest Power Pool Regional Transmission Planning

Presented by Lanny Nickell – The cost to construct and maintain the transmission system represents about 10% of retail customers' electricity rates while the generation component of the power grid represents about 60% of customers' rates. Should SPP invest more in the electric transmission system to facilitate delivery of capital intensive generation to where it is needed? Lanny will explain SPP's planning process and answer this question.

Negligence, Engineer Conduct and the Public: the relationship that never should end with "it's not you, it's me".

Presented by Thomas Finn - This presentation looks at the engineer-public relationship, which is ever changing being molded by state statues and legal wranglings.

- ◆ The Seminar is open to everyone! – Please invite others who might be interested
- ◆ Lunch will be served beginning at 11:55 am and is included in the fee for the Seminar.
