

IEEE METROPOLITAN LOS ANGELES SECTION LUNCHEON MEETING
 Saturday, April 25, 2008, 10:00am-1:00pm www.ieee.org/join
For employment & to build your career go to www.ieeeusa.org

TOPICS :

An IEEE Professional Activities presentation on **Why is IEEE Important to You and Your Company?** followed by a panel discussion on specific solar projects by Caltech, City of Pasadena, and by Southern California Edison.

SPEAKERS: John Onderdonk, Manager for Sustainability Programs at the California Institute of Technology, Matt Berbée, California Institute of Technology Energy Manager, and Rudy Perez, Manager of Solar Project Development at Southern California Edison.

ABSTRACT: From community colleges to commercial customers; from Hollywood celebrities to household customers - solar power has become the most popular tool for addressing energy independency, lowering carbon emission and making an environmental statement. The City of Pasadena and Southern California Edison have some of the most popular and successful solar programs in the US.

LOCATION: Cameron' Sea Food at 1978 E Colorado Blvd, Pasadena, CA 91107 626) 793-3474

DATE & TIME: April 25, Saturday from 10:00 am-01:00 pm-Luncheon is free to IEEE members & their spouses & IEEE guests.

RESERVATION DETAILS RSVP with your IEEE membership number to: e.miranda@ieee.org by 4-18-09. Feel free to bring your companion. Non members, please go to www.ieee.org/join to get your IEEE number. If you have any questions or problems contact e.miranda@ieee.org or yvonne.marchand@sce.com.

About the speakers

John Onderdonk

John is the Manager for Sustainability Programs at the California Institute of Technology, Currently, John serves as the Manager for Sustainability Programs at the California Institute of Technology where he is managing programs to improve environmental performance including energy and water conservation, greenhouse gas emission reduction and waste minimization. John holds a Masters in Corporate Environmental Management from the University of California, Santa Barbara, and Bachelors in Environmental Science from the University of Oregon.

Matt Berbée

Matt is the California Institute of Technology Energy Manager. Before joining Caltech, Matt was responsible for the NASA Jet Propulsion Laboratory Energy Management Program covering more than 100 buildings at the JPL site in La Canada, California. The JPL Energy Program was recognized by the California Flex Your Power Program. Matt is a Certified Energy Manager with a Bachelors of Science in Mechanical Engineering from California State Polytechnic University Pomona.

Rudy Perez, P.E.

Rudy is the Program Manager for Southern California Edison's Solar Photovoltaic Program (SPVP), the recently announced 250 MW rooftop solar initiative. He holds an MBA and a BS in Chemical Engineering from the University Of Notre Dame as well as holding a Professional Mechanical Engineer's License. He has co-authored several papers related to power plant engineering

IEEE METRO SECTION Yvonne Marchand, Section Chair, SCE

Gil Carmona, Past Chair, SCE

Ray Harlow, Vice Chair, Young & Company

Charles Cai, Treasurer, SCE

Jacky Wong, Secretary, MWD

E. Miranda, Past Section Chair & Education, SCE

Dr. Larry Bergman, PACE Chair, JPL

Don Giddings, Past Section Chair & membership, Retired, DWP

GOLD /Student Mike Orn, DWP

Chapters PES Chair Alicia.Lopez@sce.com

MTT Chair Frank.Maiwald@jpl.nasa.gov

Webmaster: "Riaz Naseer" naseer@USC.EDU

Student Branches CSULA, USC & Caltech
