

February 8 Meeting Announcement

*A joint hosting by the
IEEE Central Montana Section
and the
IEEE MSU Student Chapter*

Life in a Low-Voltage Design-Build Contracting Company

Doug Brekke, P.E

Doug Brekke, P.E. runs Black Box Design, a low-voltage design/build contracting firm working on a variety of residential and commercial projects. Doug will talk about the benefits and challenges of operating an EE related business. He will describe features of successful projects and some features of the other kind. He promises to use the phrase, "When I was your age. . ." no more than twice.

Wednesday, February 8, 2012

**Free Pizza at 5:30 pm
The talk will start at 6:00 pm**

**Montana State University
EPS 103**

An MSU campus map can be found at:

<http://www.montana.edu/admissions/images/parkingmap.pdf>

The EPS building is on the corner of Grant St. and Sixth Ave.

Please sign up via the Section website, <http://ewh.ieee.org/r6/montana>, by Feb 7 so that we will know how much pizza to order – Thanks!
