Events in 2010

Jan 27, 2010  Invited Speaker  D. Ravelosona (Orsay/France)
“Non-adiabatic spin-torques in narrow magnetic domain walls”

Feb 10, 2010  Invited Speaker  C. Felser (IEEE MagSoc Distinguished Lecturer)
“Heusler compounds: Multifunctional materials for spintronics”

Apr 30, 2010  Invited Speaker  S. Ueno (IEEE MagSoc Distinguished Lecturer)
“Biomagnetics: An interdisciplinary field where magnetics, biology and medicine overlap”

May 17, 2010  Invited Speaker  Y.-K. Hong (U Alabama, Tuscaloosa)
“Novel Magnetic Materials and Magnetic Devices”

May 28, 2010  Invited Speaker  R. Chantrell (U York)
“Multiscale magnetic models; from electronic structure to device design”

Jun 21, 2010  Invited Speaker  E.D. Dahlberg (IEEE MagSoc Distinguished Lecturer)
“An Investigation of Magnetic Reversal at Almost the Nanoscale”
