

Events in 2014

| | |
|--------------|---|
| Jun 4, 2014 | Ron Jansen (AIST, Tsukuba Japan) (IEEE Magnetics Society DL 2014) "Silicon Spintronics" |
| Jun 25, 2014 | Andrei Slavin (Oakland U, Rochester MI) "Autonomous and Non-Autonomous Dynamics of Spin Hall Auto-Oscillators" |
| Aug 28, 2014 | Benjamin Krueger (U Mainz, Germany) "Spin Dynamics Of Skyrmionic Magnetic Bubbles And Domain Walls" |
| Sep 3, 2014 | Niklas Romming (U Hamburg, Germany) "Writing and deleting of single magnetic skyrmions" |
| Oct 16, 2014 | Hans-Benjamin Braun (University College Dublin) (IEEE Magnetics Society DL 2014) "Topological Effects in Nanomagnetism: From Perpendicular Recording to Monopoles" |
| Oct 23, 2014 | Jonathan Coker (HGST - a WD company) (IEEE Magnetics Society DL 2014) "Opportunities and Challenges in Two Dimensional Magnetic Recording" |
| Oct 29, 2014 | Amanda Petford-Long (ANL, Argonne IL) "Understanding the behavior of nanoscale magnetic heterostructures: how electron microscopy can help" |
