

Be Our Guest

What do Princess Margaret, the Duchess of Kent, the Foreign Minister of Bhutan, John Candy and Rhea Perlman of “Cheers” have in common?

They've all been special guests at the Sir Adam Beck 2 hydroelectric generating station.

On June 19th, you're invited to be a special guest, too!

That's the day of our Open House celebrating the 50th anniversary of Beck 2.

Experience the history and heritage of one of Canada's great engineering marvels, while enjoying fun activities throughout the day, including:

- > Videos and exhibits about the station
- > Tours of Beck 2
- > Food – hot dogs, popcorn, ice cream and soft drinks
- > Plus... rock 'n roll oldies from the 50s and 60s

Remember, that's June 19th – from 10 AM to 3 PM – at the Sir Adam Beck 2 Generating Station, 14,000 Niagara River Parkway, Niagara-on-the-Lake.

For more information, please call Dean Norton, Public Affairs Officer at (905) 357-6903.

A special day for special guests like you.

Please note: Due to security concerns, purses, backpacks, bags are not allowed into the station.
