Chris Maryan at chris.maryan@ieee.org

Indicate your choice of main dish (Prime-rib or Pasta)

A limited number of seats are available and they will be handed out on a first come first serve basis.

Please make your cheques payable to *IEEE Hamilton Section* and send them to:

Chris Maryan

1868 Main St. W. Apt. 1006

Hamilton, ON L8S 1J1

About the speaker: W. O. (Bill) Kennedy, P. Eng. is the current President of IEEE Canada, representing region 7 on the IEEE board of directors. As IEEE Canada President he sits on the Engineering Institute of Canada board as President of the Canadian Society of Electrical and Computer Engineers. Bill Kennedy is Principal Engineer with the Alberta Electric System Operator (AESO). He has been associated with the deregulated electric industry in Alberta since 1997. He has broad experience in electric power systems for both utility and industrial power systems around the world, and is the author of a dozen papers on power system protection. A 1969 graduate of the University of New Brunswick in Electrical Engineering, Mr. Kennedy is a registered professional engineer in Alberta, Saskatchewan and Manitoba. In 1998, he was elected a Fellow of the Engineering Institute of Canada.
