

# Hamilton & KW Sections IEEE LM

Semi-annual

## Lunch

12 Noon May 27, 2009 (Wednesday)

\$13.00 each

Our Life member Chapter is now an Affinity Group and can provide funding to the section but your help is needed by attending this luncheon meeting.

Agenda: **Innovation: Canada's Knowledge-Based Challenge**

Dr. H. D. (Doug) Barber LS will present this topic. Doug is one of the founders of Linear Technology- now Gennum. He is currently serving as Distinguished Professor-in-Residence at McMaster University. We can have discussion on the subject and interchange ideas.

Dave Hepburn will update us on his project on IEEE Hamilton Section History.

Ron Potts will update us on the IEEE Canada meeting in St. Johns NL, 1-3 May'09
