Please RSVP before Oct 19, 2016 to Barry Butwell

bbutwell@gmail.com or

905-873-3305

Venue Location: Map and website on page 3

Feature Presentation and Discussion Topic

Our Guest speaker will be Malcolm Metcalfe P.Eng, Chief Technical Officer and founder of ENBALA Power Networks Inc. with over 30 years experience. He has worked with BC Hydro and Shell Canada and was appointed Executive Director of the Governor Generals First Canadian Study Conference, a legacy project that was initiated by the Rt Hon Ed Schreyer, when he was Governor General of Canada.

Malcolm will present an engineer's view of the current situation of the electrical grid in North America as well details on Ontario Hydro. He will discuss the use of fossil fuels, solar and wind power and nuclear generating systems in our present situation.

What can we expect ahead? Are there opportunities? Will this drive a new economy?

Plan to attend our Life Member meeting on October 19, 2016

Southcote 53 Tap & Grill
534 Garner Road East
Ancaster, On, L9G 3K9
