Subject: IEEE 125<sup>th</sup> Anniversary Celebration Munich, April 27<sup>th</sup>, 2009

Dear Chapter Chair,

You may certainly know, the year 2009 marks IEEE's 125th Anniversary. The series of events celebrating this milestone will be held in major cities all over the world. The goal of these events is to enhance the public visibility and global awareness of IEEE's technological expertise, leadership, and prestige.

On **April 27<sup>th</sup>, 2009** Munich is going to become one of these very exceptional sites, as it was chosen to co-host one of the IEEE Anniversary events. The venue is intended to be a joint meeting of the Germany, Switzerland and Austria Sections. It is scheduled from **18:00 to 21:00 at the historical Campus of the Munich Technical University**. On this special occasion we want to gather all persons, who have their contribution to achievements and popularization of IEEE Germany Austria and Switzerland Sections. Our aim is to bring together local IEEE members, customers, media and other professionals interested in technology. Please, save the evening to join the celebration together with IEEE president and IEEE executives, selected key-note speakers and representatives of politics, science, academia and industry.

As for the exact plan of the event, we will share this information as soon as all the program details are agreed. Please, forward this e-mail to officers and members of your Chapter who will be interested in participating in the anniversary celebration. To make the event a true success we would like to ask you to provide us with the list of about **10 potential participants**, so that we can send out a personal invitation letter. Please, submit the list by **Friday, December 19<sup>th</sup>, 2008** to

Anna Teresa Stanco, <mailto:anna.stanco@siemens.com>
