The Chapter Activities in 2014

1. The Membership Development

The total membership of the Georgian Chapter was counted the 19 IEEE members in 2014. All members were self payers.

2. Technical and Organizational Activities

During this period five technical meetings have been held in Georgian Chapter. Information about these meetings was submitted with electronic L31 meeting report form. Two meetings have been held on which the following questions were discussed and the following decisions were performed:

- The preliminary schedule of technical meetings as well as Chapter Members activity for the next term has been discussed and confirmed. Information regarding performed technical meetings is uploaded at the IEEE vTools;
- The official web site of Georgian Chapter was renewed;

- Preparation to the Seminar/Workshop “Direct and Inverse Problems of Electromagnetic and Acoustic Wave Theory” was discussed. The official web site of 2014 International Seminar/Workshop Direct and Inverse Problems of Electromagnetic and Acoustic Wave Theory was renewed.
- Seminar/Workshop “Direct and Inverse Problems of Electromagnetic and Acoustic Wave Theory”, was held on September 22-25, 2014, at Ivane Javakhishvili Tbilisi State University, Tbilisi, Georgia (see Report attached).
- Elections of Chapter Officers performed on January 5th. Following members were re-elected for the following positions: Dr. Prof. Kakhaber Tavzarashvili - Chapter Chairman, Dr. Prof. Giorgi Ghvedashvili - Chapter vice Chair, Dr. Tamar Gogua – Secretary/Treasurer;
- Chapter Annual Report was prepared.

Traditionally the Georgian Chapter and its Management make efforts to disseminate information on the scope of the IEEE activity, deliver seminars and lectures devoted to scientific achievements in various field of technology, exerting thereby feasible assistance to Georgian scientific institutions.

This Chapter activity gives Georgian scientists an opportunity to stay up-to-date, to prepare research projects, to participate in various scientific international programs and thereby to integrate into the international scientific community.

At the same time one of the most important activity of Georgian Chapter is the holding of International Seminar/Workshop Direct and Inverse Problems of Electromagnetic and Acoustic Wave Theory (DIPED).

The workshop provides an opportunity to exchange scientific results and current research progress in the area of electromagnetics, electrodynamics, antennas and acoustics theory and applications. The Seminar/Workshop is organized by both the IEEE MTT/ED/AP/CPMT/SSC West Ukraine Chapter and MTT/ED/AP Georgia Chapter. Technical sponsors include the IEEE Electron Devices Society, Microwave Theory and Techniques Society and Antenna and Propagation Society.

3. Publicity Activities

Chapter Web Site is available for the interested persons, please refer to: <http://ewh.ieee.org/r8/ukraine/georgian>. The information about Chapter officers, the supporting scientific conferences, and recent Chapter activities is available on the Web Site.

4. The Supporting Conference

The XIXth International Seminar/Workshop DIPED-2014 was organized by our Chapter together with the IEEE MTT/ED/AP/CPMT/SSC West Ukraine Chapter. It was held on September 22-25, 2014, at Ivane Javakhishvili Tbilisi State University, Tbilisi, Georgia.

Seminar Report is attached.

5. The Chapter Budget

INCOMES:	US Dollars
2014 ED-S financial support	365
2014 AP-S financial support	1 150
2014 MTT-S financial support	500
MTT Workshop and Symposia Assistance Program	1 200
Total:	3 215

EXPENSES:

Expenses for DIPED-2014 (printing, publishing, meals, travel/ accommodation support, etc.)	2 065
Student Awards (5 awards for the Best Young Speakers)	500
Technical meetings support	350
The support of the chapter activities	300
Total:	3 215

Tamar Gogua
Chapter Secretary/Treasurer

6. The Planed Activities

- The 5 technical meetings with the scientific subjects of interest to the Chapter's members will be organized

The XXth International Seminar/Workshop on Direct and Inverse Problems of Electromagnetic and Acoustic Wave Theory (DIPED-2015) will be organized by IEEE MTT/ED/AP/CPMT/SSC West Ukraine Chapter together with the MTT/ED/AP Georgia Chapter at the Pidstryhach Institute of Applied Problems of Mechanics and Mathematics, NASU, Lviv, Ukraine.

For more information please visit the web site:

<http://ewh.ieee.org/r8/ukraine/georgian/DIPED/index.html>

7. Aknowledgment

On behalf of both MTT/ED/AP Georgian and MTT/ED/AP/C PMT/SSC West Ukraine Chapters we want to thank MTT Society for provided financial support under the MTT Workshop and Symposia Assistance Program and AP Society for provided financial support under the Special-purpose Project, which helped us to organize the workshop on a better level.
