The Chapter Activities in 2007

1. The Membership Development

The total membership of the Georgian Chapter was counted the 21 IEEE members in 2007. All members were self payers.

2. Technical and Organizational Activities

During this period five technical meetings have been held in Georgian Chapter. Information about these meetings was submitted with electronic L31 meeting report form. Also five meetings have been held on which the following questions were discussed and the following decisions were performed:

- The preliminary schedule of technical meetings as well as Chapter Members activity for the next term has been discussed and confirmed.
- The preparation to the 8th International Congress of the European Bioelectromagnetics Association (EBEA 2007) has been performed.
- Prof. Revaz Zaridze has attended the mentioned above congress, which was held in Bordeaux, France on 10-13 April, 2007. Results from this congress were discussed.
- A meeting on preparation of Georgian Chapter's activity report for MTT-S Chapter Chairs' Meeting Reg.8 has been held. Dr. Giorgi Ghvedashvili was chosen to attend the meeting in Munich and present Georgian Chapter activity report.
- Preparation to the Seminar/Workshop "Direct and Inverse Problems of Electromagnetic and Acoustic Wave Theory", which was held on September 17-20, 2007 in Lviv, Ukraine, was discussed and performed.
- Dr. D. Kakulia, Dr. G. Ghvedashvili, Dr. T. Gogua and Dr. L. Shoshiashvili have attended the Seminar. Afterwards results of workshop were discussed with other members of Chapter.
- Elections of Chapter Officers have been performed on December 3, 2007. Following members were elected for the following positions: Dr. David Kakulia - Chapter Chairman, Dr. Giorgi Ghvedashvili - Chapter vice Chair, Dr. Tamar Gogua – Secretary/Treasurer.
- The official web site of Georgian Chapter was renewed.

The Georgian Chapter and its Management make efforts to disseminate information on the scope of the IEEE activity, deliver seminars and lectures devoted to scientific achievements in various field of technology, distribute periodicals, exerting thereby feasible assistance to Georgian scientific institutions.

This Chapter activity gives Georgian scientists an opportunity of preparing projects to participate in various scientific international programs and thereby to integrate into the international scientific community.

At the same time one of the most important activity of Georgian Chapter is the holding the International Seminar/Workshop Direct and Inverse Problems of Electromagnetic and Acoustic Wave Theory (DIPED). The workshop provides an opportunity to exchange scientific results and current research progress in the area of electromagnetics, electrodynamics, antennas and acoustics theory and applications. The Seminar/Workshop is organized by both the IEEE MTT/ED/AP/CPMT/SSC West Ukraine Chapter and MTT/ED/AP Georgia Chapter. Technical sponsors include the IEEE Electron Devices Society.

PROBLEMS: Dr. Giorgi Ghvedashvili could not attend the CC meeting in Munich because the Letter of invitation has come very late. Unfortunately mail in Georgia works badly, therefore we would be very grateful, if next time organizational committee could send us invitations by express mail. It'll help us get visas in time. Thank you for understanding!

3. Publicity Activities

Chapter Web Site is available for the interested persons, please refer to: <http://ewh.ieee.org/r8/ukraine/georgian>. The information about Chapter officers, the supporting scientific conferences, and recent Chapter activities is available on the Web Site.

4. The Supporting Conference

The XIIth International Seminar/Workshop DIPED-2007 was organized by our Chapter together with the IEEE MTT/ED/AP/CPMT/SSC West Ukraine Chapter. It was held on September 17-20, 2007, at the Pidstryhach Institute of Applied Problems of Mechanics and Mathematics, NASU, in Lviv, Ukraine.

For more information, please, visit the web site:

<http://ewh.ieee.org/r8/ukraine/georgian/DIPED/index.html>

5. The 2006 Chapter Budget

INCOMES:	US Dollars
2006 AP-S financial support	500
2006 MTT-S financial support	500
Total:	1000
EXPENSES:	
Expenses for DIPED-2007	700
Technical meetings support	150
The support of the chapter activities	150
Total:	1000

David Karkashadze
Chapter Secretary/Treasurer

6. The Planed Activities for 2006

- The 5 technical meetings with the scientific subjects of interest to the Chapter's members will be organized.
- The XIIIth International Seminar/Workshop on Direct and Inverse Problems of Electromagnetic and Acoustic Wave Theory (DIPED-2008) will be organized by IEEE MTT/ED/AP/CPMT/SSC West Ukraine Chapter together with the MTT/ED/AP Georgia Chapter at the Tbilisi State University. For more information please visit the web site: <http://ewh.ieee.org/r8/ukraine/georgian/DIPED/index.html>
