

A short survey request was sent to all of the people who registered for the conference. We are pleased to announce that we received replies from about 50% of the registrants, which is an excellent response rate for a survey. As you can see by reviewing the details below for the first 9 questions; 45 to 85% of the respondents felt the activities were Very Good to Excellent. The data also shows that from 5 to 50% of the respondents did not attend particular activities. If we look at just the people who attended each activity and recalculate the percentages then from 72 to 94% of the respondents felt the activities were Very Good to Excellent.

The 26 text comments from **all 10** questions provide useful information for future Industry Days.

1. How would you rate the World-Cafe session in the morning?

Comments

1. Need better clarification of discussion question. Maybe include a table facilitator.
2. Good idea as a conversation starter even if people strayed off topic.

2. How would you rate the plenary session and keynotes?

3. How would you rate the luncheon session?

Comments

1. Would prefer more networking and eating time and less speakers.

4. How would you rate the afternoon track sessions?

5. How would you rate the workshop sessions?

Excellent		15%
Very Good		30%
Fair		5%
Poor		0%
Did Not Attend		50%

Comments

1. The workshop that I wanted to attend conflicted with a track session that I wanted to attend.

6. How would you rate the selected topics?

Excellent		25%
Very Good		50%
Fair		10%
Poor		0%
Did Not Attend		15%

7. How would you rate the evening reception?

Excellent		20%
Very Good		25%
Fair		15%
Poor		0%
Did Not Attend		40%

8. How would you rate the venue and food?

Excellent		25%
Very Good		45%
Fair		20%
Poor		5%
Did Not Attend		5%

9. How would you rate the conference organization?

Excellent		45%
Very Good		40%
Fair		10%
Poor		0%
Did Not Attend		5%

10. Please let us know if you have any specific comments. Positive or negative.

1. Well worth attending. My congratulations to all who organized it.
2. Good Job, It would be good to see more industry presence in the upcoming years.
3. This industry day was very helpful.
4. The overall program was very good and well organized. The only negative that I experienced was the use of EDAS for registration. That process proved to be user hostile.
5. Job well done!
6. Why was this called an Industry Day? I did not see any exhibition from industry. I did not see the deliberations of the day leading to Industry - IEEE - Academia collaborative projects or understanding of something similar happening in the future. I experienced it as if it was a multi-topic conference in which non-research papers were read.
7. The luncheon food was terrible.
8. I just want to express my greatest gratitude to the organizers. Job well done!
9. I liked the opportunity to obtain PDHs. Sorry more didn't seem to take advantage of it.
10. The evening reception speaker was the best!
11. Great idea - lets make it sustainable & add students to the mix.
12. I have been searching for a computer FORTRAN programming Professional for 4 months. You gave me a booklet of Boston computer Professional consultants. From that booklet, I was able to get connected to a Boston consultant. From there, I could get connected to NJ and NY consultants. I am very thankful that I could receive the C.V. of a highly qualified NJ Professional consultant who is closer than that of the Boston consultant. Without attending IEEE industry day, it is clear that it would have been totally impossible for me to find any Professional consultant. Many Thanks to NE IEEE Industry day.
13. It was a waste of \$50
14. Great Meeting!
15. Venue was excellent. One day is about right. Maybe fewer plenary sessions and more track sessions.
16. Outstanding event, valuable and interactive!
17. Great job on such a tight timeline. Thank you!
18. Less on ship board electrical systems and more in general industry topic. (At one point in time, everything needs to interface to an HMI of some type.) The 3 presenters on user interface for track B were very good.
19. This was a very interesting program and exceeded my expectations.
20. This could be an annual event.
21. All periods were very well organized to keep presentations going as close to continuously as possible.
22. Expected conference presentations to be provided as carry home or via email.
