Goals for 2002

Seiichi Takeuchi
Region 10 chapter Coordinator

- 1) Support for the establishment of new sections and chapters in Region 10.
- 2) Supports for the establishment of new chapters for newly established 8 sections in Japan.
- 3) Promotion of globalization of IEEE :
 - a) No geographic limits to its membership or activities
 - b) Influence in the IEEE organizational decision-making process, especially at HQ level by all geographic regions
 - c) Promote international events and activities in Region 10
 - d) Better representation of Region 10 to IEEE HQ Committees such as RAB/TAB TC and RAB/TAB Section Chapter Support Committee.
- 4) Better communication between chapters in Region 10 and the societies at IEEE HQ level (distinguished lectures in Region 10 by societies).
- 5) Formation and support of GOLD (Graduates of Last Decade) Committee in Region 10.
- 6) Promote awareness of demographics with relation to membership employed by academia, industry, and government in Region 10.
- 7) Maintain information about the HQ SCSC Activities through the IEEE Professional Development Institute (<http://www.ieee.org/pdi>).
- 8) Maintain information about national society(ies) and their career development activities with regard to the Section Chapter supports in Region 10.
- 9) Maintain information about the section chapter educational and training opportunities and promote these programs to the IEEE membership in Region 10.
- 10) Maintain communications with the IEEE HQ SCSC Activities contact (<t.hawkins@ieee.org>).
