

Report of Industry Liaison Committee

Jhing-Fa, Wang

Feb. 27 2010

Region 10 Industry Liaison Coordinator

Overview

- ▶ Visions
- ▶ Activities in 2009
- ▶ Goals for year 2010
- ▶ Activities for year 2010
- ▶ Contact information

Visions:

- ▶ Promote IEEE activities of the industry
- ▶ Enhance academia-industry collaboration
- ▶ Create benefits for academia-industry partnership to achieve innovations.

Activities in 2009

- ▶ In the year of 2009, R10 Industry Liaison Committee is seeking for awards nominations and applications from R10 Councils and Sections.
 - **IEEE Region 10 Achievement Award**
 - **IEEE Region 10 Academia–Industry Partnership Award**
 - **MMI award (new for 2009)**
 - **MIMI award (new for 2009)**

Comments on MMI & MIMI awards

- ▶ Since the distinction of the industrial members from SAMIEEE databases is not available now,

We try to update award of MMI to MMIR & MIMI to MIMIR and classify roughly the IR members from non-EDU members based on the E-mail address of the Members

- ▶ (Note that IR stands for Industry & Research Institute)

Activities in 2009

- ▶ To cosponsor with IEEE Xi'an Section in hosting Symposium on IT advances in 21st Century to celebrate IEEE 125th Anniversary in Xi'an on Sept. 21, 2009.
- ▶ To co-sponsor with IEEE Taipei Section and Seoul Section in hosting the 14th North-East Asia Symposium on Nano, Information Technology and Reliability (NASNIT 2009) in Taiwan, May, 2009.

IEEE 125th Anniversary in Xi'an

IEEE 125th Anniversary in Xi'an

NASNIT 2009

Activities in 2009

- ▶ To assist hosting ISCAS 2009 in Taipei, Taiwan, May, 2009, which received 1631 submitted papers from 49 countries and accepted 734 papers with 892 registrations.

Welcome Address, ISCAS 2009

ISCAS 2009

Goals for Year 2010

- ▶ To promote IEEE activities of the industry.
- ▶ Enhance academia–industry collaboration
- ▶ Create benefits for academia–industry partnership to achieve innovations.
- ▶ Increase more members from industry

Activities for Year 2010

- ▶ To host IEEE R10 Industry Day or forum in Taiwan & China on the topics of Life science, Health/care technology as mentioned by Moshe Kam this morning.
- ▶ To encourage IEEE sections in R10 to host the industry forum to improve the relation with industry and recruit more members from industry or research Institutes.
- ▶ To promote the awards nominations and applications from R10 Councils and Sections.

The End
