

REGION 10

The IEEE Region 10 Newsletter

IEEE R10 Annual Meeting

Cebu, Philippines

Feb 27 - 28, 2010

Dr Zia Ahmed

Newsletter Editor

The IEEE Region 10 Newsletter

The IEEE R10 Newsletter plays the important role of strengthening the fabric of R10 family by:

- **Keeping the members informed about what is happening in the Region, IEEE policies and opportunities to participate in IEEE activities (both professional and social)**
- **Facilitating communications among Sections and Student Branches by providing a forum to share their experiences and plans for future activities**
- **Capturing the information as a record for future**
- **Influencing and promoting the culture of how we interact with each other**
- **Providing an alternative channel to publish activities reports for Sections struggling to publish their own newsletters**

IEEE REGION 10

The IEEE Region 10 Newsletter

- **Topics Currently Covered by The IEEE R10 Newsletter?**
 - ✓ **R10 News and Announcements**
 - ✓ **IEEE HQ news of interest to members in R10**
