Chapters' Status

Key challenges

- Rejuvenate inactive chapters
- Form new chapters in societies where required number of membership is already existing

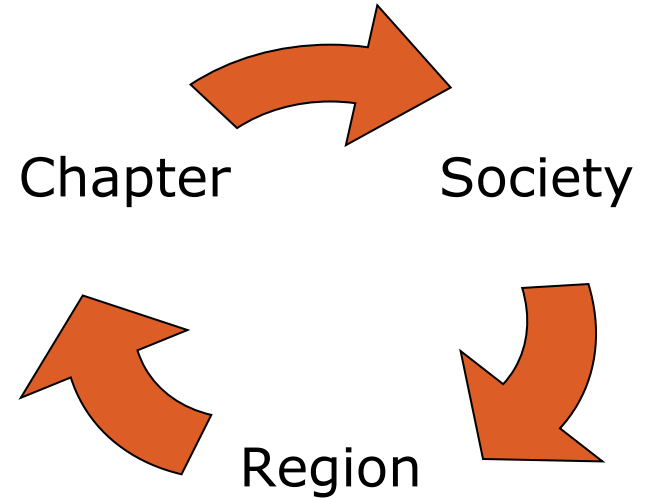

Resources for chapter management

Following information for each section have been prepared to enable better chapter management.

- List of existing chapters
- List of existing joint chapters
- List of inactive chapters (if any)
- List of potential societies for new chapters

Our Objective

We need to establish strong link between Chapters, Societies and Region (10) to reap benefits provided by societies to chapters.

(Through Chapter Coordinator)

Expectation from Sections
