About IEEE 125th Anniversary R10 Student Congress 2009

The IEEE Region 10 Student Activities Committee presents, the IEEE 125th Anniversary R10 Student Congress 2009. This Special Student Congress will be one of the main events which IEEE Region 10 will host in 2009 to celebrate 125 years of IEEE's successes, to leverage its prestige, to help increase its visibility and that of its members and the profession.

The Congress, aimed at sculpturing global student leaders to pioneer sustainable development will be attended by around 150 students from Region 10 and across the world, screened from among the registrants based on their achievements and volunteerism in IEEE.

Theme "Sculpturing Student Leaders to Pioneer Sustainable Development"

Motto Innovate ... Integrate ... Immortalize

Vision

- Enhance interaction between student leaders of Councils, Section and Student Branches of Asia- Pacific and from other Regions of IEEE, through innovative ideas, thus increasing effective networking
- Carve out Future Leaders for IEEE from vibrant Student Volunteers.
- Sharing of Knowledge, Best Practices and Innovative Initiatives between Student Branches, Sections and Regions.
- Generate Inspirational and Operational ideas to enrich the student environment in the future.
- Strategies for Sustainable Development.
- 125th Anniversary of IEEE: to commemorate the golden years that has passed and plan for those yet to come.

Highlights of the Events

- **World @ 2020** - A discussion forum, where the world's most esteemed Leaders from various fields of life will be invited for an open discussion with the student community.
- **IEEE @ 2020** – A constructive workshop and discussion aiming to hunt solutions for prevailing concerns in IEEE Student Activities and to generate innovative ideas that can change the face of IEEE Student Activities in by 2020.
- **Dignitaries Bench** - A Panel of dignitaries, to share their experience with IEEE, to motivate the student volunteers in molding them to future IEEE Leaders.
- **Leadership Training Workshops** - Leadership workshop to improve the leadership skills, on how to run students branches, R10 GINI (R10 Global Integrated Network of IEEE) & ISBIR (IEEE Student Branch Industry Relations).
- **Breakout sessions** – Separate sessions for different groups of participants based on specific interests. Also IEEE promotions and features will be made part of breakout sessions.
